

Multiplication Check Year 4 2022

Score	25/25	Above 20	Above 15	Above 10
Test %	100%	80 %	60%	40%
Number	11	21	29	44
% of Yr. 4	25%	48%	66%	100%

The multiplication test is a 25-question online test for which the children have 6 seconds to read and type in an answer to a question. The question then vanishes from the screen, there is a pause of 3 seconds and then the next question is shown. The test includes all tables up to 12X12.

For 2022/23 we have purchased Times Tables Rock Stars to support with the development of multiplication tables; this is a carefully sequenced programme of daily times tables practice.

Each week concentrates on a different times table, with a recommended consolidation week for rehearsing the tables that have recently been practised every third week or so.

This format has very successfully boosted times tables recall speed for hundreds of thousands of pupils over the last 8 years in over 16,000 schools - both primary and secondary - worldwide.
