

Multiplication Check Year 4 2023

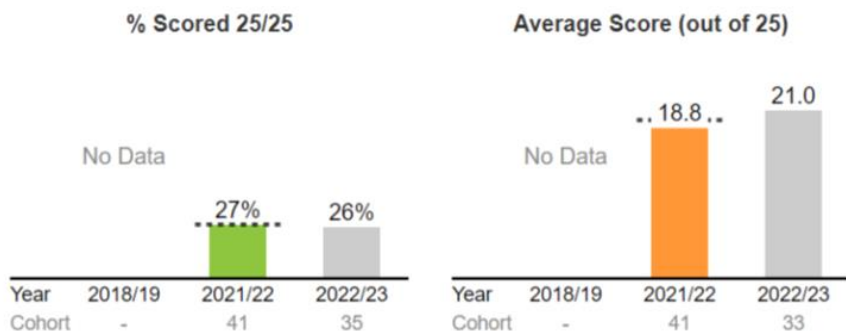

The multiplication test is a 25-question online test for which the children have 6 seconds to read and type in an answer to a question. The question then vanishes from the screen, there is a pause of 3 seconds and then the next question is shown. The test includes all tables up to 12x12.

Score	Score 25/25	Above 20	Above 15	Above 10
Test %	100%	80%	60%	40%
Number	9/35	24/35	29/35	32/35
% of Yr. 4	26%	69%	83%	91%

Average ELGs and MTC scores: To account for a narrow range of scores the bars are colour coded as follows:

- 1+ above national
- Within 1 of national
- 1+ below national
- 2+ below national
- ... The national percentage

Multiplication Tables Check (MTC)

2023 national data is not available as yet but the picture for 2022 was:

The first statutory multiplication tables check (MTC) was taken in June 2022. It showed that 27% of all pupils scored 25 out of 25, making it the most common score.

The mean (average) score out of all pupils was 19.8 out of 25

(BRJS average was 18.8)
