

Trent Vale Infant and Nursery School - Sports Development Funding

Trent Vale receives £17,000 per year to improve provision for PE in sport within the school. This money is from the Departments for Education, Health and Culture, Media and Sport and has been 'ring-fenced' which means it can only be spent on sport provision and not on any other areas in the school. From September 2017 the allocation of sports development funding was doubled. At Trent Vale we strongly believe that if children can be engaged in sport at an early age that this engagement can last a lifetime. Sport encourages our young children to choose a healthy, athletic lifestyle and at this age we can provide the children with lots of opportunities to try a variety of sports.

We can use this money to:

- Hire specialist P.E. teachers/qualified sports coaches to work alongside primary teachers when teaching P.E.
- Provide new or additional Change4Life sports clubs
- Pay for professional development opportunities
- Pay for cover to release teachers for development
- Run sports competitions
- Buy schemes of work/development modules or materials for P.E./sport
- Provide places for pupils at an afterschool club and/or holiday club

Sports Development Funding

2013-2025

2024-25 Carry Forward and Allocation

£16972 + £1748

Total Sports Development Funding Available

£18720
