

Summer 2, 2025

### Personal, Social and Emotional

**Development (PSED)**- This half term we will be thinking about how we care for our friends and thinking ahead the new friends we will make in our new classes! We will also be working on following trickier instructions in preparation for Year 1 and looking at ways to stay safe in the sun and around water over the Summer.

**Maths**- In maths we will continue to follow the White Rose Scheme, We will focus on 'Sharing and grouping' initially, moving onto 'How Many More?' then working again on 'Building 9 and 10' and 'To 20 and beyond'. These units focus on doubling numbers, recognising odds and evens as well as lots of work around addition and subtraction, all of which will prepare the children for their move into Year 1 and those trickier Key Stage 1 concepts.

## Where in the world shall we go?

**Physical Development**- In class we will continue opportunities to fine tune our scissor skills and improve our pencil grips for writing.

In PE, with Mr Devivo, we will be preparing the children to take part in Sports Day, with ball dribbling, team games, bean bag balancing and target throwing games!

**Communication and Language (CLL)**- In CLL we will be continue to develop and broaden our vocabulary. We have learnt so much this year so we will be looking back at some of the words we have learnt, linked to our topics, and we will be reminding ourselves of their meanings. We will also be learning how to share our thoughts in respectful ways.

**Reading**- This half-term we will be learning all about the wider world in which we live and, as always, our learning will start with a super story! Starting with Matisse's Magical Trail, we will follow the trail of Matisse the snail and his amazing artistic skill. Next, we will go on a worldwide adventure with the Snail and the Whale and explore all of the environments they see. We will also be taking a dip in Billy's Bucket to see a world beneath the sea. We will continue to learn the Little Wandle Phonics scheme and will consolidate all of our Phase 2 and 3 sounds to read at Phase 4. **Writing**- We will be working on encouraging more independent writing in a range of ways. Making and writing lists, postcards and writing stories.

### Understanding of the World-

This half term we will be concentrating on Geography and Science by looking at the different places the snail and the whale visit, the different weather they experience and the world below the sea, We will also be looking at ways we can protect our planet by recycling materials.

**Expressive arts and design**- In Summer 2 we will look at the work of Henri Matisse and Paul Klee. We will be comparing artwork and expressing our opinions about our likes and dislikes. We will also create our own Klee artwork by taking a line for a walk before adding colour and pattern,
